Made in  
NORTH  
AMERICA

**PÜRDECO™** is the laminated panel division of Olon. All panel production, including stock collections and custom lamination, fall under this umbrella creating a solidified program in North America using PUR glue technology for panels available in Canada & the USA.

**PÜRDECO™** is made at two facilities to ensure uninterrupted, local service: Georgetown, ON in Canada and Jeffersonville, IN in the USA.

Olon uses all North America manufactured substrates such as MDF and particleboard that are CARB2 compliant and locally sourced close to the production facilities.
